

REMEMBER THIS?  
WE HAVE  
NEWS!!!

A year ago this week Beirut was rocked by a blast that leveled the port and much of the city. We lost a years worth of supplies in a container that happened to be in the port that day. Now, one year later, we received a call that our container has been unearthed in the rubble intact. Miraculous! We should get it out within the next couple of weeks! 😊

## Walk With Me

Two years ago today our partners in Canada, Compassionate Resource Warehouse and iCross Canada, shipped our Lebanon container. They packed items specifically for our program development, like:

- \* Dental Clinic set-up
- \* Hair Dressing Salon set-up
- \* Educational Supplies
- \* Sewing school supplies
- \* 24 sewing machines
- \* Baby Packs...

And all kinds of other items we need to run our daily programs. We are so excited this load has been found intact the Lebanon port. Two long years, but hope is on the horizon!
