

CRW REMAINS CLOSED until April 12th

CRW first concern is our team members and their families! You are way too valuable to put you at risk.

So we will remain closed at least until after Easter- which is April 12th.

Continue to care for your families, friends and yourself- in the proper way of course!

Again- Please- let me know if you are in need of some support - we do have those willing to assist where needed.

You will be busy-- I am working with several different organizations on future loads and am working towards having all the required paperwork in place as well as shipping funding.

Please remember- you are valued and your are loved
